Dear Zelia,

Greetings. Let me thank you once again for your performance of the three pieces from *Character Suite*. I heard my excellent comments on both the piece and your convincing performance. I appreciate your hard work and I am glad it paid off!

I have enclosed an updated score for you. You will notice some changes which I think make things a little smoother and more musical. Also, at the time I sent the score to Florida, I did not have the other two movements finished. Those are now included.

When I receive the recording I may have some specific comments for you, but let me listen to it first. I am so happy you will perform the work again. Sometimes it is scary when someone you do not know performs a piece, I am glad this worked out so well.

Regards,

Jason Bahr
