

GRANT JOHANNESSEN

15 June 1992

To whom it may concern —

This will introduce to you my student Zelia Chuecke, who has been in my class the past pair of seasons - Zelia has both pianistic and intellectual qualities that have made her a pleasure to work with - Her background in her European studies amplified a tendency toward serious music-making always a plus in the current music-market!

A most interesting musician -

Grant Johannesen
